

## Privacy policy: your data and privacy

The Belastingdienst CN's BerichtenboxCN app processes the following data:

1. the IP address;
2. the name and version of the operating system of your mobile or tablet;
3. the 5-digit PIN code you choose;
4. the mobile device's unique characteristic.

By using the BerichtenboxCN app, you agree to this processing, to which the following provisions also apply:

1. The user is responsible for the security of their mobile device by, among other things, always updating the mobile device with the latest updates.
2. Updates for the BerichtenboxCN app are available for download now and again and can be installed via the app store/play store. These updates are intended to improve, expand or further develop the BerichtenboxCN and may consist of fixes for programming errors, advanced features, new software modules or completely new versions. Without these updates, the BerichtenboxCN app may not work or not work properly.
3. The Belastingdienst CN and the Belastingdienst Netherlands have taken appropriate technical and organisational measures against loss or unlawful processing of the user's personal data
4. The user's personal data is processed in accordance with the BES Personal Data Protection Act and the privacy statement of the Belastingdienst CN (<https://www.belastingdienst-cn.nl/privacy>).
5. The Belastingdienst CN reserves the right to temporarily or permanently cease offering the BerichtenboxCN app in the app store/play store or temporarily or permanently cease processing of the BerichtenboxCN app without giving any reason.
